Committed to learning and embracing new technologies for an innovative approach to web development challenges.

WORK EXPERIENCE

GrowUni Technologies Private Limited

(1st Dec 2022 to 20th Jan 2024)

As a Front-End Developer, I meticulously construct and maintain the website's Front-End using HTML, CSS, JavaScript, Bootstrap, React.Js, Python, MongoDB & UI Design ensuring a robust technical foundation. Some of the websites I have worked upon are:

<https://drdhanrajginnavaram.com/>

<https://santevitahospital.com/>

<https://makl.co.ke/>

<https://matl.co.ke/>

Skill Risers Pvt Ltd.

(25th May 2022 to 21st Jul 2022)

During this period I worked on **Survey form application** where my role was to manage to frontend of this project using HTML, CSS, JavaScript, Bootstrap,

React Video Library Project

- Implemented User Authentication with Formik validations.
- Developed Restful API using Express.js, connected to MongoDB.
- Enabled CRUD operations for both Admin and User functionalities.
- Integrated MUI for a responsive and user-friendly UI.
- Utilized Axios for efficient API calls.
- Implemented video embedding using YouTube links.
- Admin privileges include video addition, deletion, and updates.
- Users can interact with videos, commenting and liking features.
- Employed Postman for API testing and validation.
